

High School Course Overview

COLLEGE READINESS

One of the Most Inspiring College Prep Courses

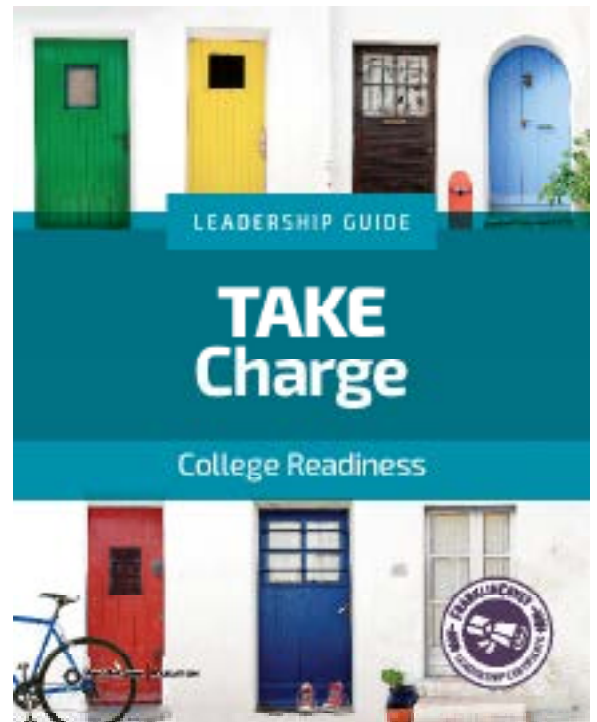

The Take Charge course is designed to enable students to develop academic, financial, and life-ready skills to be successful in college and beyond.

College will bring some new challenges, but you can navigate and overcome them with three things:

Find a Compelling Why: If you have a compelling reason—a why—for advancing your education, you'll be more likely to finish your program.

Develop Academic Skills: It's just as important to know how to do well in college as it is to know why you want to go.

Improve Life Skills: You'll spend the majority of your time outside of class time. Developing basic life skills will help you keep priorities straight—from your dorm room to the football field.

Take Charge is designed to support a flexible structure, including daily, weekly, or bi-weekly classes.

The course is available in a full year format, as a semester course, and as 20-minute modules.

High School Implementation Options

Leader in Me content and coaching can be delivered live onsite, Live Online, or in a hybrid model that combines the two. Course materials are available in both paper and digital formats. The courses can be delivered under an instructor-led model, a student-paced model, or as a blend of both.

WHOLE SCHOOL MODEL

This approach establishes a leadership team of staff and students working together to meet unique needs of the school. Every staff member is anchored in the 7 Habits and is equipped to teach leadership principles, create a leadership culture, and align achievement systems. This approach includes all four leadership courses in multiple formats including an option for advisory.

LEADERSHIP COURSES

Under this approach, a school purchases an annual membership that includes a 1 day teacher training workshop for the instructors who will be delivering the 4 leadership courses, as well as the digital materials for the full semester courses.

COMPONENTS

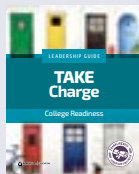

- All-Staff Workshops
- Lighthouse Team Workshops
- 4 Leadership Courses
